Public Submission by Antoon Morreau.

Hi, I'm Antoon Morreau and I am retired in Hervey Bay
I believe that babies that are born alive during an abortion are enabled to the same health care as is every other living person.
We must protect, respect and uphold human life. For the Government to do anything less makes us no better than animals and it degrades us. I think it's abcd!
Failing to pass legislation to protect children at their most vulnerable stage in life is unconscionable when their lives are in the hands of health professionals of whom we expect the utmost care.
Please encourage the parliament to pass the legislation.

Sincerely, Antoon Morreau
