Public Submission by Jan litzow.

My name is Jan, and I am a mother of 4 and a grandmother of 11. I worked in a kindergarten.
I can't believe that we do this to little babies. There are people who would love and care for them. These tiny people have rights...human rights.
It is all our responsibility to protect those who need us, but it is your role to make the rules for this to happen.
Please protect these babies.
I believe you have legislation in place that abcds these kids. It needs to change.
Please, please, please, change this legislation, so that these children can live.

Sincerely, Jan litzow
