Dear committee, my name is [REDACTED]. I live in the [REDACTED], and I am a concerned citizen. I believe that each baby is a human being, irrespective of whether or not the mother chooses to continue or terminate her pregnancy. As such, all babies should be afforded the basic human right of essential healthcare during their lives, including following an abortion. It is the fundamental responsibility of every government to protect its most vulnerable consabcdueents. If the Government fails to pabcd this legislation, it will be devaluing human life and allowing the undue suffering of its most vulnerable citizens. I strongly urge the committee to recommend that the Parliament pabcd this legislation.

Sincerely, [REDACTED]
