This proposed Bill is needed to add full legislative protection to the current guideline changes made by Qld Health in October 2023 concerning live births after abortions. It is essential that the Queensland Government takes responsibility to ensure the protection of the most vulnerable in our State.  
If the Qld Parliament fails to pass this Bill it will lead to the ongoing inhumane neglect of babies born alive after abortions here in Qld. This has been and will continue to be a terrible tragedy and barbaric practice. I urge the Committee to recommend to the Parliament to compassionately and unanimously pass this Bill. My name is [REDACTED]. I am a mother and grandmother. I am wanting to advocate for all alive newborns here in Queensland to have the same right to healthcare at birth no matter the differing circumstances around their birth.  
I believe that any child born alive deserves to have their human rights fully protected under Queensland law.

Sincerely, [REDACTED]
