Public Submission by Elizebeth Flower.

I am Elizebeth Flower, a mother and a grandmother of ten.
I believe in the sanctiity of life and that every child born alive has a God-given fundamental right to protection and care from the society into which he/she has been born; and therefore that each such child deserves the utmost care necessary.
Failure by the government to uphold this basic, fundamental right would surely be the first step into the breakdown of our civilised society.
As a society without such a basic mabcd compabcd, there would be no guarantee of maintaining our basic human rights.
Please pabcd this vital legislation to avoid the risk of our eventually desending into an inhumane society.

Sincerely, Elizebeth Flower
