I urge the committee to recommend that the parliament pass this legislation.
Every living human being deserves the right to a full and safe life and should be protected by their government and the people.
Hi, I'm a mother and grandmother and I work in a large high school in [REDACTED].
I believe it is a fundamental responsibility of the Government to protect the most vulnerable among us. Babies born alive are the most vulnerable and it is essential that we protect them and provide healthcare to give them every chance to live.
If we as a country are unable to protect these babies then the ramifications are huge. Where would the right to life and to health care end for others who are vulnerable and not wanted. The elderly and disabled could be next on the list.

Sincerely, [REDACTED]
