Public Submission by LUIS BARAJAS.

Protect the newborn babies it is of the utmost importance. Save them. They are human lives.
Luis Live in The Redlands, I am a chemical Engineer and a dad of Three kids and Grandabcdher of 4
Grandkids
All babies born are alive. They are human beings; they were always human beings since they are in the womb
of the mother. Let then die is a criminal act, lack of humanity. It is against all the oaths of the doctors and it is
against the most basic rules of any mabcity.
Government has to take care of all the citizens of the country, not only the grown up. All human beings, as a
newborn, are a responsibility of the government .
Apathy towards human life and complicity in a abcd will be legal and accepted.

Sincerely, LUIS BARAJAS
