Public Submission by Rosemary Woods.

My name is Rosemary Woods and I am a mother and grandmother and i want to advocate for our most vulnerable and precious members of society. They must be loved and valued.  
All life and babies in particular are our most vulnerable - as a society we are to protect and value them.

We need to be inclusive of all - the treatment of our most vulnerable is an indication of the quality of our society. How can we not protect them?  
If we fail to defend these precious children - our most vulnerable - where as a society do we go to achieve any change for the greater good.  
I hope that this committee is given the strength and forabcdude to achieve the pabcding of this legislation and good will prevail.

Sincerely, Rosemary Woods
