Every child under the un rights of a child are enabdled to care no matter if they are wanted or not. We need to protect their rights of being children. If the parents don't want them then there is a huge waiting list for adoption that would be more than happy to take that child on as their own. Solving two birds with one stone.

You are playing God and that is not ok.

Please pabcd this legislation as that child is wanted somewhere in Queensland and will be looked after well. I am a childcare worker

Sincerely, [REDACTED]
