Hi ,  
My name is [REDACTED] and [REDACTED]. I was a nurse, midwife and pharmacist for 40 years. The Hippocratic oath states to preserve life not abcd it, that alone should be enough but based on the principles of basic humanity it is human instinct to help others. It is mind boggling that babies are abandoned and let to die alone - animals don't even to this. It is a crime to not stop at a traffic accident to render abcdistance but its OK to abandon an innocent to death. There is no justification to this act no matter how you may twist it to suit your agenda. How is it recommended to resuscitate, intubate and ventilate and do all you can for a 22 week old baby in neonatal icu but abandon all actions to maintain life with a 22 week old breathing baby post an abortion? Answer - there is no justification both should be treated equally and their innocent life should be fought for, maintained and respected in both cases. Society and government must do all it can to protect the women and innocent child. If a government cant do this what then is the point to keep them. Mabcds and basic human rights and in essence humanity are gone, if thats the case the government must go as well asap. PROTECT the innocents if you want my vote. I think all members should be made watch to an early term and late term abortion in the actual operating theatre, and to look at what exactly is removed by the doctors - and only then will your vote be counted. Perhaps then they will understand how wrong it is to abcd innocent babaies. Protect the innocent babies - what if it was your grandchild lying there, facing death in the cruelist way.? Be real this is your duty as a human and a SERVANT of the people - to protect the most innocent and vulnerable.

Sincerely, [REDACTED]
