I urge the parliament to learn from history and not make the same mistake.
My name is [REDACTED] and [REDACTED].
Every human being has the right to life and needs the support of adults to grow into an adult like any living thing.
It is a fundamental right to protect the next generation for the wellbeing of a nation.
Our nation will go the same way as the Egyptian Empire and the Roman Empire if we fail to pass this legislation. They also eliminated their next generation.

Sincerely, [REDACTED]
