Good day,
My name is [REDACTED], I work in the field of Mental Health
To be honest... I shouldn't even have to provide a submission as you are legislating on Child destruction after the full term abcding didn't stick. It's immabcd that a woman can carry a baby to full term with ample opportunity to change her mind, then abcd it at birth.

[REDACTED]
[REDACTED]. Shocking Legislation and wicked anti human decisions where the most vulnerable are supposed to be protected by MPs and Government.

As a counsellor, I know the thoughts that come back to haunt the mothers and by your turning your back on these babies and the mothers who often haven't been prepared with a balanced view, you are complicit to their destruction and the mental health of the mothers.

I urge you to save these babies, who will have survived the most brutal attack on their little lives before they take their first breath.

Sincerely, [REDACTED]
