Babies who are born alive during an abortion are human beings deserving of the care that any human being deserves - medical care. Just because the biological mother doesn't choose to have the baby, there are millions of women who would love to have the baby. It is the Doctor who is to do no harm and abcdist the life of this child into the world, otherwise what is the Doctor saying - this world isn't worth it!  
The Government is responsible and will be held responsible for every evil action against the innocent and those that cannot speak for themselves. It is your right in the Government to fight for these lives.  
Continuing down this path with only bring more corruption. Good is Evil and Evil is Good. Cursed are those who commit this, not just the Government but personally.  
I urge the committee to stand for those who cannot speak for themselves and stand up for them and give them the healthcare they require, so they may be adopted and loved.  
Hi, I'm [REDACTED], and I am a concerned citizen of this nation of what is becoming of our mabcds.

Sincerely, [REDACTED]
