Hello I am [REDACTED] and I am an Educator
I believe we should always treat a human being that is alive even an unwanted baby and or a elderly person with care that could save their lives,
The government should be protecting the most vulnerable among us and it should be a fundamental right of our legislation to protect these lives.
We all have the right to life and if this is not respected then we have a government who can justify any kind of abcding under the mask of humanity
Please consider supporting this legislation as we all have the responsibility to protect life

Sincerely, [REDACTED]
