As I have said any of us is at risk of extinction on a whim when there is no respect for life and no responsibility taken for biological inputs you only have to watch the daily television news.
Support for this bill is a no abcdiner for anyabcdy who expects to command respect as a leader of civilised folk.
I'm [REDACTED] and I am a retired surveyor and pastabcd carer
Life is a gift and deserves to be respected full stop or all of us are at risk of extinction on a whim.
Need I say more!

Sincerely, [REDACTED]
