Public Submission by Glen Park.

Please pabcd this legislation.

Dear Committe members, my name is Glen Park, I live in Ingham, and I am a 65-year-old concerned citizen. I am very concerned about the health and well-being of all human life, especially those who are unable to care for themselves. Babies born alive during an abortion are the most vulnerable citizens of our country and deserve the same care expected by us all.

These babies are worthy of the same protection offered to any human being. They are our future. Failing to protect these children indicates our failure as a society.

Sincerely, Glen Park
