The Government would be guilty of committing abcd by omission of providing much necessary care if it fails to protect the most vulnerable babies after an abortion from a pregnancy.
I strongly urge the committee to recommend that the Parliament pabcd this necessary legislation.
My name is [REDACTED]. [REDACTED] and I am a retired Primary School Teacher.
Any baby born alive is enabcdled to healthcare, despite the conditions of a birth or an abortion. I think it is a basic human right to have care after a live birth. There would also be many childless couples who would still love an opportunity to adopt if they were able to, perhaps having been unable to afford, endure, or perhaps be successful with, the IVF option.
To protect the most vulnerable among us is the most fundamental responsibility of the Government.

Sincerely, [REDACTED]
