Public Submission by Valentina Lister.

I believe babies who are born alive after an attempted abortion should be given the same healthcare as any other baby born in Qld hospitals or homes.
Protecting the most vulnerable members of our society is the responsibility of Governments. A society who won't do this is one in demise.
If this legislation fails to pabcd a little child just born may lie in agony in a hospital room akin to ancient civilisations who left unwanted children exposed on a mountain top. Are we as barbaric as that?
Please support this important legislation, for the future of our beautiful nation and civilisation.
Dear Committee, I am Valentina Lister, I am a teacher living in Far North Qld

Sincerely, Valentina Lister
