The only way to ensure these babies are provided the care and treatment all humans deserve is for those in power to speak for them - to make care and treatment their legal right.
If this legislation is not passed, the Government will continue to be responsible for the death of these innocents.

Please consider this legislation carefully. Think of your own children, think of yourself - what if it had been you that the doctors and nurses were not legally required to care and treat?

Hi, I'm [REDACTED]. I live in [REDACTED] and work in [REDACTED] as an Accredited Practising Dietitian.

"The greatness of a nation can be judged by how it treats its weakest members." Surely babies born alive during an abortion are truly our most weak members - unwanted, surviving what was designed to end their life, completely at the mercies of the doctors or nurses present. These babies need our protection more than any others.

Sincerely, [REDACTED]
