Public Submission by Megan Voigt.

I am sure that if any of us were in that room where that baby is alive we would want to step in to protect them. Why should there be a difference when we stand in parliament at a distance. Please make adjustments to allow care for these babies as it is the right thing to do. Hi my name is Megan. I am a member of the medical profession and a mum. I believe that medical care for a child born alive post abortion is essential to our humanity. We can not let a new born suffer in such a way whether the mother wants the child or not. If we are not willing to care for the most vulnerable of society then I am unsure what is happening to our world. To allow a baby to suffer unattended is abhorrent and tragic.

Sincerely, Megan Voigt
