Protecting the most vulnerable among us is the most fundamental responsibility of the Government!
If the Government fails to pass this legislation, many innocent vulnerable precious Australian children will suffer and die.

I urge you the committee to recommend that the Parliament pass this legislation.

Hello, My name is [REDACTED]. I live in [REDACTED]. I am a Registered Midwife.

As a midwife, my job is to look after and protect both the mothers and babies in my care. I feel it goes against what my profession is all about to let a baby suffer and die who is born alive just because this child is unwanted by its parent. If the same child was born alive in any other situation we, health professionals would fight for its life. This child has the right to live. It is helpless on its own and we as fellow humans who are capable of helping this child should do all we can.

Sincerely, [REDACTED]
