Public Submission by Damien Murphy.

If Government do not support Robbie Katter's introduced Bill, many very young children will die a cruel barbaric death, very possibly in the cold.  
PLEASE have the decency, morality and integrity to allow innocent young children to live. Please facilitate pending legislation for babies born alive, to be given warmth and sustenance.  
I am Damien. I am a science journalist.  
To allow a live baby die, is extremely cruel and barbaric. I cannot understand such void in conscience.  
Children should be allowed to live, and must respectively be cared for. Many childless couples wait years to adopt a baby, some never have opportunity to adopt.  
A valid democratic Government would always ensure most vulnerable people, regardless of how young, be provided protection, and be given medical attention and sustenance. People should not be discriminated against, because of age.

Sincerely, Damien Murphy
