Public Submission by Jady Parr.

Hi, I'm Jady, I live in Logan, and I am a childcare educator.
Babies born alive are humans who deserve the right to the best health care possible. Leaving them to die is a terrible disservice to the most vulnerable citizens of our country. They must be cared for.
The Australian Government is supposed to protect and serve its citizens and this includes babies who survive being abandoned. The government is responsible for caring for these babies with the best care possible.
If they don't, the government will be failing the Australian people by allowing its own people to be left to die.
This legislation must be abandoned for the good of the Australian people.

Sincerely, Jady Parr
