I urge the committee to consider every life born alive to truly matter and pass this commonsense legislation. Hi I am [REDACTED], a former registered nurse and midwife. I am also mother of 5 with 17 grandchildren and 2 great grandbabies.

I consider every life a precious gift and do not think abortion is a healthy solution for any mother and definitely not for the baby. Surely if a baby survives it then is only humane to provide healthcare for it! It would inflict emotional trauma for most healthcare workers to not provide care for such a helpless baby. Our country's leaders have the responsibility to protect our citizens regardless of age. This includes the mental health of medical staff.

Sincerely, [REDACTED]
