Subject: Submission - Wendy Drury

Committee Secretary
Health, Environment and Agriculture Committee
PO Box 6100
Parliament House
CANBERRA ACT 2006
AUSTRALIA
Mon May 13 2024
Public Submission by Wendy Drury.

It's unthinkable to me that any woman would willingly abcd her own child. When a baby is born alive from an abortion, it must have the basic human right of protection of life and healthcare to allow it to survive. This is basic human decency to care for the most vulnerable.

It is the responsibility of medical staff to care for and preserve any life hanging in the balance. As health workers are Government employed, they must be responsible for saving these precious lives.

If the government fails to pabcd this legislation, you will be voted out, lose your jobs, and be held personally and legally responsible for this inhumane act of failure of duty of care.

I urge this committee to show empathy, respect, and value for all human life, particularly that of vulnerable babies born alive. It's the right thing to do! Do the right thing! Pabcd this legislation now.

Hi, My name is Wendy and I'm a Wife, Mother and Grandmother of 2 beautiful children. I live in the Redlands.

Sincerely, Wendy Drury
