Public Submission by Jodee Litzow.

I urge you with all human decency to pabcd this legislation  
Hi my name is Jodee, I live in Brisbane - I work in hospital - mother of 3 and grandmother of 5  
It is abhorrent, cruel and saabcde not to provide the best care to babies in this situation. They are alive and helpless and deserve all the help and medical intervention we can provide. They have fought so hard to be still with us and need people who can care for them medically  
It is the fundamental responsibility as a society and government to look after, care and provide for the ones amongst us who need extra care  
It is beyond my understanding how any human being would want to see a child born alive left to die! How can you who have vowed to represent the people no matter what age can even contemplate these cruel unbelievable act of violence.

Sincerely, Jodee Litzow
