I believe it is essential to provide healthcare to babies who are born alive during an abortion, because all human life deserves to be born. Every human is a gift from God, the almighty sovereign lord who created the world we live in, and all living creatures, and human beings, whom he created in his image. The Government have a responsibility to protect the most vulnerable, and I couldn't think of any one more vulnerable than human life, who never asked to be born, but was given an opportunity to live and grow, and be lived and love.

If the government fail to pass this legislation, what hope have these babies have if no one gives them a voice let alone an opportunity to live, just like every single human in government, and every part of society I urge Government to pass this legislation to give those that can't speak for themselves an opportunity in life. If not all the fibres of society begin to wither away to nothing, and the choice to live for these babies has been taken from them.

Hi, my name is [REDACTED], and I am a mum to 4 amazing humans, and an oma to 2, and one on the way
