Subject: Call for submissions - Public Health and Other Legislation (Extension of Expiring Provisions) Amendment Bill 2020 (Bill)

Categories: Submission

Good afternoon

I am writing to request that the emergency powers afforded to the Chief Health Officer under this legislation be cancelled immediately as it is my firm contention that Queensland's current Chief Health Officer (Dr Jeannette Young) has consistently displayed very poor judgement in relation to these matters, which has led to the detriment of many Queenslanders and their jobs and businesses. I would request that these powers be given to a sitting member of Parliament instead as this would give a greater sense of accountability to Queenslanders when decisions are made about closing businesses and borders.

My name is Carol Solomon, I live at [REDACTED] and my daytime phone number is [REDACTED]
