Subject: Extension of CHO'S Powers - NO

Categories: Submission

To whom it may concern

I strongly oppose the emergency powers being extended to the CHO until September 2021.

Her role should be to be that as ainformed member of a team of expert advisers to the Premier and her Govt so that they can make such rulings and decisions which take into account all aspects of the Pandemic which includes using common sense, compassion and accountability.

This is supposed to be a democracy not a jurisdiction dictated to by an unelected person granted these draconian powers. Where does the Premier and Govt stand in relation to all of her decisions. Who is the CHO answerable to if the Premier and her Govt CAN'T make the final decisions?

Yours sincerely

David Howard
