**Subject:** Extension of Bill

**Categories:** Submission

I welcome with gratitude this Bill to extend the CHO powers to make the health decisions that guide the government of Queensland during this COVID-19 crisis until September 2021 and beyond. We in Queensland have been kept safe (often against Federal Government and NSW bullying) by the considered and well thought-through decisions of Dr Young.

I commend and congratulate Dr Young, as she faced the often hostile media day in and day out, on keeping us up to date with decisions that had been made, and more importantly WHY they had been made. I truly hope Dr Young is able to continue in this roll as her strong, calm, reassuring daily updates have meant so much to me and I am sure so many other Queenslanders.

Thanking you
