Subject: Public Health and Other Legislation (Extension of Expiring Provisions) Amendment Bill 2020

Categories: Submission

I fully support all amendments made to Chapter 8 of the Public Health Act, in particular the chief executive to delegate their powers to the Chief Health Officer or a person with expertise or experience in public health issues and improving the operation of the provisions of emergency officers (medical) to support the Queensland Government's response to COVID-19.

I support this as a Queensland resident with a partner and family members who are considered high risk.

Thank you for continuing to protect Queensland residents.

Regards,

Katrina
