Subject: Opposition to Public Health and Other Legislation (Extension of Expiring Provisions) Amendment Bill 2020

Categories: Submission

Hi,

My name is Saxon Brown and I am writing to express my strict opposition to Public Health and Other Legislation (Extension of Expiring Provisions) Amendment Bill 2020. I do not believe extending emergency powers to the chief health officer to be in the best interest of the Australian public. Furthermore, enforcing hotel quarantine under armed guard is unacceptable and unlawful, teetering on an unconstitutional dystopian world.

My email is [REDACTED] and reachable at [REDACTED] for further communication.

Regards,

Saxon Brown
