**Subject:** voluntary assisted dying bill

I write in support of the Voluntary Assisted Dying Bill in its current form. We must do everything we can to ensure our loved ones (and eventually ourselves) are offered choice at the end of life, and not condemned to untenable suffering, as so many are at present. That element of choice makes all the difference in the world in reducing pain, both physical and mental.

I request that our elected representatives consider this when it comes time to vote in Parliament.

Marilyn Bitomsky
