Subject: Voluntary Assisted Dying Bill 2021 - Funding cuts reveal Government's priorities

Re: Voluntary Assisted Dying Bill 2021 - Funding cuts reveal Government's priorities

Dear Health and Environment Committee,

I, along with many like-minded people, am deeply grieved that the Palaszczuk government is considering so called euthanasia - which is really assisted suicide.

We believe that all people were created in God's image and as such to kill people is to sin greatly against God.

Assisted suicide (along with abortion) devalues human life and pretends that life's value is based on how much one is suffering. It ignores the possibility that there is a purpose for life that goes beyond suffering. Until you actually know how we got here and what happens after death, how can you presume that assisted suicide is an acceptable option?

Please reject the euthanasia bill.

Sincerely,
Craig Vanderduys
