Re: Submission to the Health Committee

Dear Health Committee Members,

If you legalise assisted suicide or whatever it is you wish to call it, you will be responsible for everything that stems from this decision, regardless of whether you believe this to be the case. And, all you are proving is that you don't care about the elderly or infirm who may qualify for voluntary euthanasia but would rather see them gone so as not to be a burden on the welfare system or the private equivalent.

May the God you may or may not believe in show you the error in passing this law and the extent to which you will be held to account for each and every suicide. In Jesus Name...AMEN.

Sincerely,
Andrew Hardy
