Re: Submission to the Health Committee

Dear Health Committee Members,

Assisted suicide may save money, and free up beds sooner, but in reality it is taking a life that is not yours to take, as an elected representative.

You will give an account for every life you force to be taken early, whether you believe it or not. God is not mocked, even by you and your other party members who voted for this. God's justice is in your future!

Sincerely,
Rex Masters
