Re: Submission to the Health Committee

Dear Health Committee Members,

Please, please, please don't let this bill be inflicted upon Queenslanders.

Suicide is wrong and therefore illegal. Government sponsored suicide will not help at all and will end up increasing the numbers of deaths.

Opening this up to those who are mentally unstable and want to die is very dangerous.

It is totally wrong to force dissenting doctors and other health professionals to refer these people to others who are happy to kill them.

If this is brought into law, I am also worried that people will end up being forced to get themselves killed for the benefit of others as has already happened in other countries.

This is a very dangerous bill. Please put a stop to it!!!

Sincerely,

David Brownlie
