Re: Submission to the Health Committee

Dear Health Committee Members,

I would like to express the need for better care for the elderly rather than make a way for them to move on quicker and make them feel like they should get out the way. The experience of my own 94yro dad it very clear that the care he got in the nursing home was not adequate.

His passing was God chosen and the outcome was in the right order due to my dads creator making the decision when life should end.

The capacity to make life comfortable is ours. We just need to use it.

Sincerely,

Sincerely,
