Re: Submission to the Health Committee

Dear Health Committee Members,

"Voluntary assisted dying"

I would like to object to this Bill as it's very dangerous and would lead to extra deaths in QLD every year. Including people who would have wrongfully accessed assisted suicide because of wrong diagnosis, wrong prognosis, coercion, elder abuse, untreated mental anguish, or because they had little or no access to palliative care specialists and felt they had no other choice. There's also grave concerns, that like Victoria, there would be an increase in non-assisted suicide rates because of a suicide cognition effect that often accompanies euthanasia or assisted suicide being legalized.

Please stop this Bill.

Sincerely,
Johanna Richards
