Re: Submission to the Health Committee

Dear Health Committee Members,

Euthanasia is a dangerous weapon to put into the hands of psychotic, (possibly) emotionally unbalanced citizens. It could also be a great tool, in the hands of our governments, to terminate elderly people, which would save govt., millions of dollars in pension payments.  
As an older citizen, I cannot condone this potentially dangerous weapon for governments, greedy relatives, etc., [REDACTED]

Sincerely,  
John R. Nolan
