Re: Submission to the Health Committee

Dear Health Committee Members,

I am very distressed by the Voluntary Assisted Dying Bill being discussed. I am a nurse and have worked alongside doctors all my life. What makes nurses and doctors trusted is their commitment to saving lives. How can you order them to refer patients to Euthanasia proponents and allow euthanasia to be carried out in the middle of a nursing home or aged care facility? What will this cost the government? Why not put the money towards a better palliative care service where patients are cared for painlessly in their later days?

Sincerely,
June Verwayen
