Subject: Submission to the Health Committee

Re: Submission to the Health Committee

Dear Health Committee Members,

All life is precious, and coping with death of a loved who has suicided or has been assisted into dying has many long term repercussions for the surviving families, and the medico legal teams.

Creating a situation where there is no possibility for anyone to disagree with the process is a limitation of freedom of speech. I remember The Labour Government tried to limit the amount of money spent on political advertising, but could not because of the same reason.

Please, do not allow Queensland to develop nazi style ideas on population control.

Sincerely,
Ralph Bartholomew
