Re: Submission to the Health Committee

Dear Health Committee Members,

Dear Health Committee Members,

I am in respect and awe of our Creator, Almighty God and I am in absolute shock that Health Institutions who are opposed to Suicide and Euthanasia could be compelled to refer patients or residents to someone else to assist them to die.

I beg you to consider seriously the rights of those who are opposed to this but may be called to participate and/or refer others to suicide.

Sincerely,  
James McPherson
