Re: Submission to the Health Committee

Dear Health Committee Members,

The assisted suicide bill is the most extreme in the country. As a doctor I am disgusted by the bill. There is no need for those applying to see a mental health practitioners beforehand, there is no requirement to see a specialist, there is no requirement to see a palliative care specialist. The proposed law is extreme and people will be killed who shouldn't.

275 million in palliative care is a disgrace upon our state.

Sincerely,  
Scott Young
