Re: Submission to the Health Committee

Dear Health Committee Members,

The assisted suicide bill should not be passed. I believe it will be misused in many cases, and there is so much help out there for those suffering with mental health problems and wanting to die. Also I have seen firsthand from losing a friend to suicide, the impact it has on the persons family, friends and young children. It's not the best option when someone is hurting, especially when they can get help.

Also I believe that this assisted suicide will be misused in cases of elderly abuse.

Sincerely,
Laura Haslem
