Re: Submission to the Health Committee

Dear Health Committee Members,

I am writing against the Assisted Suicide Bill proposed in Qld. It is most concerning that patients do not require to be seen by a specialist, and that two general practitioners alone can sign off on it, without the same level of expertise or 4year extra training as for Palliative care doctors.

I believe funding needs to be directed into high quality Palliative Care, where patients will receive the care that they deserve.

Kind regards, Joanne Edwards

Sincerely,
Joanne Edwards
