Re: Submission to the Health Committee

Dear Health Committee Members,

To the committee members of health

I'm writing to ask that this bill does not pass in Qld.

Nobody has the right to take someone's life whether it is to assist them or not.

I'm originally from Holland and originally it was brought in for just the same reasons.

It never stayed like that.

People ended up dying because they missed their daughter or they just didn't want to live. Children never got to see their parents again because someone took the decision in their own hands. Someone wanted the inheritance.

Many many reasons ended up being accepted which were never originally included. Like every thing Pandora's Box is opened and can't be closed again.

We end up devaluing life in the process.

Life is precious whether we are sick or Disabled.

Sincerely,

Liz McCleary
