Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

It seems reasonable to me that if people are determined to end their own life so be it. It seems quite unreasonable for others to assist. This has always been murder and still is. This should remain the position of our lawmakers. To have health professionals involved is a betrayal of the trust our community has in them. To require them to be involved against their will is totally repugnant. I am puzzled as to why this is called a "health matter". Sincerely, Colin Krueger.

Sincerely,
Colin Krueger
