Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

I am opposed in principal to euthanasia. However I am horrified when I read some of the aspects of this proposed law. We have record numbers of our young people committing suicide, a disease that was non-existent 60 years ago. Now, all we have to say is I don't feel like living anymore and our society says... you poor thing, go ahead and kill yourself. You may not have the heart for it, but there are plenty of people who want to 'really' help those who are suffering. Ending it, is not the answer, albeit the easy one.

Sincerely,
JEFFREY BALL
