Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

I am writing to express my strong opposition to the VAD bill before you. This bill devalues human life by allowing people to make their own decision about death. Life should be protected, and our health systems should work hard to do this. The government is assisting suicide, and some may have mental health problems, making them unable to reason clearly. I will always support the value of human life in both the elderly and newborns. Sincerely, Wendy Drury.

Sincerely,
Wendy Drury
